Subject: San Mateo Basin Mines Meeting

Hi all,

I would like to meet with the State regarding the mines within San Mateo Basin that we are evaluating for potential inclusion in the draft NPL package. Please let me know if you are available to meet on December 8 or 9th. Our continuing resolution ends on the 9th, and I am not sure whether we will be able to travel after the 9th. If these dates are not good, please let me know which days you would be available and I will try my best to work something out.

☺ brenda
